

Due to snowfall and glaze, traffic is forbidden for trailers and semi-trailers on Gudauri (Posta)-Kobi section of Mtskheta-Stepantsminda-Larsi (border of the Russian Federation) international road, while traffic is free for other types of vehicles.

Based on information of the National Environmental Agency, traffic on Mleta-Kobi sections will be carried out in non-stop mode and only passing through the avalanche protective tunnels on Gudauri (Posta) -Kobi section.

Traffic on a km134-km135 (Dariali gorge) section of the same road shall be carried out in non-stop mode.

This traffic mode will be carried out under direct supervision and coordination of the Patrol Police.
