

Due to intense snowfall, traffic is forbidden for trailers and semi-trailers on Mleta-Kobi section of Mtskheta-Stepantsminda-Larsi (border of the Russian Federation) international road, while traffic is only allowed by the application of antiskid chains for other modes of transport. Traffic is free for vehicles with two or more main axles.

Based on information of the National Environmental Agency, traffic on Gudauri(Posta)-Kobi section shall be carried out in non-stop mode, only passing through avalanche protective tunnels. Traffic stops are forbidden on a km134-135 (Dariali gorge) section of the same road.

This traffic mode will be carried out under direct supervision and coordination of the Patrol Police.
