

Ltd Lochini carries out upgrading works of automated system of tunnel management (SCADA) in the Rikoti road tunnel located at km 143 of Tbilisi-Senaki-Leselidze (border of the Russian Federation) international road. Works were scheduled from December 11 to December 15, 2017. However, due to deterioration of meteorological conditions, works were not implemented and, it is necessary to continue the closure of Rikoti tunnel and diversion of traffic flow to its bypass road including December 17, 2017, from 23:59 pm to 07:00 am.

Traffic flow will be diverted to the bypass road of Rikoti road tunnel.

During this period of time, towing devices would be provided in shifts at two different locations of Rikoti tunnel bypass road.

Traffic closure in the Rikoti road tunnel and diversion of traffic flow to the bypass road of this tunnel will be carried out according to the attached organization scheme of temporal traffic.
